

Men's Support

Small Group Conversation Guide

June, 2020

1. Before you viewed the video from our Men's Program Director, Rob Denler, what was your perception of the services provided at Alternatives? Has that perception changed since watching the video?
2. Rob stated in the video, "...it is difficult, if not nearly impossible, to be a good father unless you are first a good man." Many of our male clients come through our doors as fathers-to-be before they have fully developed their character as a man. We have a fatherhood crisis." What are some specific ways that we can start impacting this fatherhood crisis?
3. What does it mean for us, as Christians, to be pro-life beyond the pregnancy decision?
4. Alternatives offers Counseling After Abortion for men. In every unexpected or unintended pregnancy there are two people involved. Why do you believe Counseling After Abortion is seen largely as a resource for women?
5. With many men in the Church having an abortion experience in their past, how can we reach out and offer them a path to find healing and closure?
6. We are called to care for the widows and orphans (James 1:27). Today, what tangible ways can we, as a group, care for others and serve God in this way? How can we serve families that are clients of Alternatives?
